

30+ Years of IT Solutions Excellence

About Vicom Established in 1982, Vicom is a leading information technology consulting firm servicing the Fortune 1000, state and local governments, and emerging mid-market organizations.

As a provider in the information technology industry, Vicom offers solutions that enable our customers to operate more efficiently and effectively in today's ultra- competitive environment.

Vicom's family of companies provide services and solutions in the disciplines of Unified Networks, Servers, Storage, Virtualization, IT Management, Data Protection/ Availability, Security, Infrastructure Services and Consulting Services.

Work with an Award-winning, Authorized, & Certified Company

Our commitment to innovation, efficiency, quality and customer service is the backbone of our corporate philosophy. Vicom has continually been named as one of Crain's NY Business 50 fastest growing private companies in New York, as well as one of the Inc. 500 fastest growing private companies in America. These awards not only demonstrate the integrity and success of our relationship with our customers, they are indicative of the strength of the employees that make up our organization.

Headquartered in Farmingdale, NY, with remote offices in NYC, CT, PA NJ, and Albany, Vicom currently employs over 150 people dedicated to servicing the needs of our customers. With over 500 certifications and strategic partnerships our talented teams of architects, engineers, and consultants have the expertise to design the right architecture for virtually any IT project.
